Enjoy hot drinks anytime

With keep warm function

Durable kettle in safe, food-grade full stainless steel for long and reliable daily use – with a convenient Keep Warm mode that's always ready to serve. Philips brings 60 years of trust and expertise to this elegant long-life kettle.

Fast, safe boiling

- Keep warm function with no reboiling
- Durable full stainless steel body for long life
- Micro-mesh filter captures tiny limescale particles
- Flat heating element for fast boiling
- Multi safety system against boil-dry

Simple to fill, use and clean

- Easy-to-read water level indicator
- Pilot light indicates when the kettle is switched on
- Spring lid with large opening for cleaning
- Easy refilling through lid or spout
- Cordless kettle with 360° pirouette base
- Cord winder for easy adjustment and storage

PHILIPS

Highlights

Keep warm feature

The keep warm feature maintains the water in your kettle at a selected temperature so you don't need to reboil.

Flat heating element

A concealed stainless steel heating element ensures fast boiling and easy cleaning.

Water level indicator

The water level is easy to read with an indicator located underneath the handle.

Stainless steel design

Durable full-metal design in food-grade brushed stainless steel for long, reliable use.

Multi safety system

The kettle shuts off automatically when the water is ready, when it is lifted from the base or when there is too little water.

Spring lid with large opening*

A push-button lid opens smoothly at the touch of a button, avoiding steam contact. The large opening simplifies cleaning.

Micro-mesh filter

A removable micro-mesh filter on the spout captures tiny limescale particles as small as 200 microns to ensure a clear cup.

Pilot light

Elegant indicator light incorporated in the power switch indicates illuminates when the kettle is turned on.

Easy refilling

The kettle can be filled through the spout or by opening the spring lid.
