

Mobile Air Conditioner | 7000 BTU | Energy Class A | Remote Control | Timer Function

General information

The Nedis® portable air conditioner is definitely a solid contender for becoming your best friend on hot days! This energy label A air conditioner covers surfaces of 8 to 12 m², which is perfect to rapidly cool rooms at home or small offices. In addition, it is equipped with a fan and dehumidification function for versatile appliance. The air conditioner also operates very quietly; you will only notice from the comfortable room temperature that it is actually working. It comes with a remote control so you can conveniently select temperatures or preset the timer without getting out of your chair.

Features

- Including remote control for more operating convenience
- 24-hour timer: air conditioner automatically switches off after preset time
- Sleep mode for a subtle temperature increase overnight
- Self evaporating system for increased energy efficiency and cooling performance
- Equipped with water tank full indicator
- Easy to operate control panel with touch buttons and LED display
- Cooling capacity: 7000 BTU, covering 8 - 12 m² surfaces
