- 8 browning settings suit any preference
- Defrost mode with button & LED indicator
- Extra wide slot for thick or thin bread slices

Easy to operate

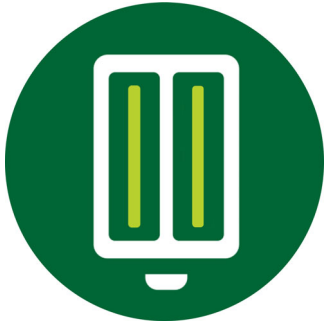

- Built-in bun warming rack for pastries, croissants and more
- High-lift lever for safe removal of smaller items
- Removable crumb tray for easy cleanup
- Reheat mode with button & LED indicator

Built for safety

- Cool-touch exterior insulates against burns
- Cancel button for instant shut-off
- Auto shut-off protects in case of bread jam

Highlights

Long slot design

A single, long slot fits virtually any type of bread you choose.

Auto-centering system

An auto-centering rack ensures even toasting on both sides by locking each slice – thick or thin – in the middle of the slot.

8 browning settings

Adjust toasting time for any bread, however you like it.

Defrost mode

Defrost mode effortlessly toasts frozen bread in one go at the touch of a button.

Built-in bun warming rack

An integrated bun warmer heats pastries, rolls, croissants and more.

High-lift lever

A high-lift lever gives small items an extra boost for safe, easy removal.

Removable crumb tray

Easy to keep clean and tidy thanks to the removable crumb tray.

Reheat mode

Reheat mode warms up previously toasted bread in seconds at the touch of a button.

Cool-touch exterior

Insulated design means the outside walls always stay cool and safe to touch.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
